

Application Sheet

Sheetfed fountain solution for IPA-free printing

Strongly reduces or eliminates the need for IPA

Application advice for best performance

Assure correct dosage of the advised concentration.

For use with RO water, stabilise the water first with BluePrint Rehardener.

For cleaning the dampening circuit, use BluePrint System Cleaner™ regularly.

Replace fountain solution filters weekly.

Storage & Protection

This product should be stored in a dry place and at room temperature (5-40°C).

Protect from frost and direct sunlight.

Consult the SDS for information on handling, storage and personal protection. The info above is based on the data presently available, no binding assurance is granted regarding suitability for specific applications and conditions.
